

**A Physician orders Amoxicillin 500mg by mouth every 8 hours for a patient to treat Bronchitis. The pharmacy has available 250 mg tablets. How many tablets will you dispense for a 10-day supply?**

Answer:

60

Step-by-step explanation:

2 of the 250mg pills 3 times a day = 6 pills a day for 10 days = 60 pills

Identify one external physical feature of the manatee that allows it to live in water. A Surface to breathe every 15 minutes B Blubber C Fins or flippers D Eyes

32 thousand 1 hundred 4 ones times 10

list some limiting factors that might limit the size of a population within its environment. I.e. increased hunting by man and drought
